ZEMAR (formerly CHALZEN S.C.) is a producer of aluminum clips that are used in the food industry, especially cold meat, but also in chemical industry. Our company exists since 1991. The experience gained and constant development over the years have resulted in our products being of high quality.

Our employees are a well-coordinated team with many years of experience in our company. The products manufactured by us meet all the highest national and European standards.

In our offer, apart from **food clips**, there are also individual **loops and reels**. The **clips** produced by us are used in the best machines of Polish and foreign producers.

We approach each customer and the orders individually, with extraordinary care for the smallest details.

High quality of our **clips and loops**, short deadlines and competitive prices are the main, one of many arguments for the fact that cooperation with our company simply pays off.
